Medical Student Research Thesis Program

Research Proposal Abstract Template

Due Jan 10, 2020

**Title:** Provide a descriptive title of the proposed research

**Medical Student Name:** Provide name & contact information

**Faculty Mentor(s):** Provide name(s), Academic Title(s), Institutional affiliation(s), & contact information. Start with Primary Mentor, followed by secondary mentor(s)

**General**

- **Font size:** 11 or 12
- **Font type:** Times New Roman
- **Word count:** No more than 300 words

**Background:** Should provide rationale for the study. Use present verb tense; this section refers to work done.

**Overall goal:**

**Objective(s):** Present in a list, if more than one, and use simple present tense; again, refer to work will be done.

**Methods:** Describes what, where, how, who, when of the proposed research. Use simple present or future tense. Make sure methods are aligned with the objectives/aims.
